ORGANIZE YOUR LIFE
Galley style closet with Modern matte gold handles and warm LED lighting
OUR STORY

With over three decades of experience, Closet Works successfully delivers home organization systems and a sense of order to Chicagoland homes. We do everything from walk-in and reach-in closets, to garages, pantries, Murphy beds, offices and more. No matter how large or small the space, we make sure to build your personal sanctuary within reach. Closet Works products are made in U.S.A, right here in Chicagoland.

★★★★★
Closet Works transformed my closets. The design made effective use of all the space we have. They did such a phenomenal job on the closets that when we were done, we did our office. Some of my neighbors have been over to see what we had done and were just blown away at what they had accomplished. It couldn’t have been a better experience.”

- Yelp Review
"We had Closet Works design 3 of our closets. They came to our house and worked with us to come up with a design based on our needs and budget. It was awesome working with them and we were very happy with the work that was done. The installers were on time and very neat. The installation went smoothly and the product is excellent. We would highly recommend Closet Works."

Transform your closet from a chaotic cluttered mess, to your own personal organized sanctuary. Our team works directly with you to discover your ideas and specific needs, then fashions them carefully into well crafted design solutions. From simple reach-in closets to elaborate custom walk-in designs, Closet Works has you covered.

★★★★★
“Closet Works did a fabulous job determining my needs and creating the closet of my dreams. I had a closet done many years ago by another closet company, and Closet Works materials and professionalism are far superior. I highly recommend Closet Works.”

White with Italia Pillow Bevel Fronts
The Closet Works designer came on a Saturday to accommodate my schedule, was thorough— took time to assess, accurately measure and find out what I needed. They suggested the best layouts to maximize space — both in my baby’s closet and mine. I was able to get an install within a week, and the installer was there RIGHT on time, was quiet, quick, clean and efficient. He did his job well, and took care with all the existing furniture. Highly recommend their services!!!

Haze Laminate with Shaker Drawer Fronts and Soft Close, Frameless Glass Doors
Breakwater and Morning Dew Laminate with Flat Melamine Drawer Fronts and Rain Glass Doors
Make organizing your shoes, clothing and accessories easy and convenient with the 360 Organizer® rotating closet system. This innovative design uses a rotating mechanism to allow for 360 degrees of easy and quiet rotation, while dramatically increasing storage space. See our pantry section for additional examples of this product.

THE VALET – COMBINATION OF STORAGE; LONG HANGING, DRAWERS AND SHELVES.

THE DOUBLE HANG – EIGHT FEET OF HANGING SPACE WITH SIDE SHELVES FOR SHOES.

THE SHOE SPINNER – ALL SHELVES TO MAXIMIZE STORAGE.
Morning Dew with Flat Melamine Drawer Fronts
A well organized pantry is a “must have” for the pampered chef, aspiring “foodie” or short-order cook with a growing family. As the kitchen is often the central meeting place in any house, proper organization is essential to prevent overcrowding and mess.

For the ultimate in pantry storage, the NEW 360 Organizer® Pantry can be used in a corner or along a wall. With a 32” footprint, it is smaller and narrower than the other 360 Organizer® models. Use it within a pantry closet or add doors and install along a kitchen wall. Like all 360 Organizers®, the unit spins smoothly and silently through manual rotation.

⭐⭐⭐⭐⭐
“My wife and I are expecting our first baby and realized that our condo lacked closet space. I called Closet Works to help us with a plan. We were so impressed that we decided to move forward with two other closets. I only wish I did this 5 years ago.”

MUDROOMS & LAUNDRY ROOMS

White Laminate with Aspen Fronts and Traditional Base and Crown Moulding
People and families with busy lives need an easy storage solution for jackets, shoes, book bags, sports equipment, accessories and more.

A well organized mudroom allows you to keep everything in one place, where it is easily accessible and out of the way.

Laundry is a chore that everyone must do, yet rarely do we think about how to make this task easier or more enjoyable. Transform wasted space into a new laundry room or modify your existing space with a custom design to maximize laundry storage and functionality — even dirty clothes need a place to go.

⭐⭐⭐⭐⭐ “We had a total of seven spaces organized by Closet Works. Four closets, one kitchen pantry, one laundry room and my Man Storage Space. The Closet Works crew moved fast and got everything installed quickly. Everything is really nice. Not only did they add in places to hang clothes but also added shelves for folded clothes, hooks for hats and locking drawers to store jewelry.”

Whether it’s a man cave in the basement, a guest room that does double duty, a small corner off the kitchen or an entire room dedicated to a home office, the Closet Works team will make sure to design and build a comfortable and efficient office to fit your personality and specific needs. Once your personal space is completed, you can relax and let the productivity flow.

“We have used Closet Works for four closets, a laundry room and an office with a wall bed for our condo. Since we downsized, we needed to utilize every inch of space. I’m so very impressed with the design team. They knew exactly how to design a closet and room. Their Workman are top notch. They are very professional, clean, organized and do a fantastic job. It has been a good experience.”

Cocoa Bean Laminate with a Combination of Five Piece Villa and Slab Fronts
Do you have limited space, but need both a guest bedroom that can accommodate family or friends during the holidays or summers, plus a home office or living space for yourself during the rest of the year? Both of these needs can be satisfied with a single room when a wall bed is designed into the solution. Whether you are looking to get the most out of a small square footage apartment or creating a flexible area in a house, a wall bed can make your space do double duty. They work great in a child’s bedroom to accommodate sleep-overs but fold neatly away to provide a bigger play area when not needed. Add one to a small studio apartment and you suddenly have an extra room. The possibilities are as endless as the custom configurations available.
With all the electrical appliances, cords, and other clutter that go along with a media center these days, creating a clean and functional space can be a bit difficult. At Closet Works we step up to that challenge and provide custom media center designs that will allow for extra storage for everything from electrical appliances to DVD’s and everything in between.

“A” Rating

"Closet Works came to the condo and asked a lot of questions and carefully measured. They had practical ideas I would have never thought of, and anticipated problems with clearance I might have never noticed. Shortly after, I received CAD drawings. The closet installer was polite and very fast, and I couldn’t have wished for better results. This is my third time using Closet Works, clear communication, perfect results, and a very reasonable price. Best of the best.”

Garages get messy quickly with overflow from the rest of the house. Garage organization systems can not only clean up the area, but allow you much more storage space. Turn a “cave” into a place of comfort where everything has its place. Once we’re done you might even find room for your car.

“Everything went well from start to finish! I had them redo my closet along with my grandmother’s closet this month and both closets look great! The entire process took roughly an hour and a half — they even removed the old wooden shelving first! I’ve already begun recommending Closet Works to family and friends.”

Chicagoland winters are harsh, cold and salt will cause your unfinished concrete garage floors to crack and crumble. Protect your floor and enhance the look of your garage with a professional grade epoxy floor.

- Provides a seamless concrete finish that is extremely durable, dust-free, easy-to-clean epoxy floor that requires minimal maintenance. Applications are done with strict concrete preparation methods and high-performance products and will not peel or wear-through like most paints or sealants. Epoxy floor systems resist stains from household cleaners, road salt, oils, gasoline, lubricants, etc.

- Floor is long-lasting due to concrete being professional prepared by highly skilled and certified craftsmen installing the epoxy floor system. Many color options available to coordinate with your garage storage cabinet.
We know every space has some specific requirements and Closet Works shines when it comes to customizing these unique spaces. Tight spaces, angled roof lines and difficult plaster walls don’t scare us — Closet Works knows how to start with a difficult space and make it well organized and functional. Call a designer today to discuss what we can do to your unique space!
WIRE MANAGEMENT

Taming the cords is a top tech challenge for many rooms, whether office, kitchen or entertainment center. Instead of just letting wires snake around the room in an unsightly manner, becoming a hazard to small children and adults alike, Closet Works can design a hidden, shallow custom cabinet in order to conceal all the wires.

Standard white laminate with Contempo door and drawer fronts. Wire management doors under desk.
Choose either a suspended system, floor-based system, or combination of suspended and floor based components depending on your needs and personal design preferences.

**SUSPENDED SYSTEM:** Floats above the floor and uses a visible paintable rail to hang the entire system from the wall.

**FLOOR BASED SYSTEM:** Rests on the floor and uses a visible, paintable rail to attach cabinetry to wall (for safety). It can have optional base and crown moulding added.

**MIXED SYSTEM:** Uses a combination of floor based and suspended components for the best of both worlds with a visible, paintable rail to attach cabinetry to wall (for safety).
COLOR OPTIONS  THERMALLY FUSED LAMINATES

Closet Works offers a wide selection of colors to match any décor. All colors feature high quality furniture grade material.
VIVA™ LAMINATES – The True Touch of Wood™

VIVA™ is a premium laminate with a finish that is nearly indistinguishable from natural wood.

WOOD VENEERS & MDF

Wood Veneer
*Our wood veneers can be stained or painted to match any color.*

MDF
*MDF is another option. Systems in this material can be painted any custom color.*
PREMIUM ULTRA HIGH GLOSS & SUPER MATTE LAMINATES

High Gloss – Two sided laminate with a super glossy finish

Super Matte – Two sided laminate with a look similar to painted wood

GROUP 6

Standard Extended lead time required

* Doors and drawers in Ultra High Gloss or Super Matte laminates require flat fronts. These colors are available with cleat crown and cleat base moulding.

DRAWERS

Standard Closet Works drawer boxes are constructed with high quality Russian Baltic Birch, using dovetail joints for strength.

Drawer hardware is undermount, nearly invisible from the front or sides for a clean look, and includes soft close feature with hydraulic dampner allowing drawers to close smoothly and quietly. They have a 75 pound dynamic load rating and are easy to remove and re-install for cleaning.

The wood series is available pre-finished in White, Black, Cocoa, Ivory, Moonlight, Morning Dew, and Rain Cloud. They are also available unfinished.

Wood doors, drawer faces and mouldings feature the natural beauty of real woods. Part of the beauty comes from the irregularities in color and grain. Thus, variations among component parts are to be expected. Wood finishes are fragile and require the same care as any wood furniture.

The devil is in the details. Attention to the little things delivers a flawless storage system that will serve you with beauty and functionality for many years to come.

Every home is unique and contains imperfections that need to be addressed. When walls, ceilings, and floors might not be straight, we recommend applying base and crown moulding to eliminate gapping.

Flutes can be ordered up to 94 inches height, with or without rosettes.

B100 Fascia is needed with angled crown mouldings. You must order both pieces. 94 inches length.
Closet rods are available in both oval, round, and the new Signature Series styles. The oval rod is offered in polished chrome or brushed chrome. Signature series and round rods are available in polished chrome, brushed chrome, oil rubbed bronze, slate gray, and matte gold finishes.
Closet Works hardware line offers a selection of high quality handles, knobs and hooks for your closet or organization system. The hardware is available in several finishes to match your Closet Works accessories and rods. Choose from polished chrome, brushed chrome, or oil rubbed bronze. Select styles are also available in our premium slate and matte gold* finishes.

OPTIONAL FINISHING TOUCHES

Every home is unique and contains imperfections that need to be addressed prior to installation — which is why Closet Works goes out of their way to ensure every detail is perfect for an end result you can be proud to show off. Below are a few optional finishing touches to ensure a flawless system.

Paint & Tear Out: Prior to installation day your space needs to be prepared, this includes repairing, and/or painting of the drywall on the walls and ceiling. Our staff is available to paint and tear out for an additional charge, or the homeowner can do it themselves. Talk to a designer for details.

Moulding: We recommend applying base and crown moulding during installation where walls and floors might not be straight.

Fully Bored vs. Selective Drilling:
You have the option of ordering your system fully bored or drilled selectively. With fully bored panels all shelves are adjustable whenever the customer wants a change. With selectively drilled panels, shelves are set in place and not easily movable.
GUARANTEE

Design: Professional designers produce solutions that maximize space utilization and organization. There will be a period of time for you to adapt to your new system, thus, for 90 days following installation, Closet Works will make any adjustments you desire to existing shelving and hanging configurations.

Workmanship: All Closet Works materials and accessories are the highest quality and we stand behind our product. Closet Works has a limited lifetime warranty on all systems that have been subjected to normal use; talk to a designer for details.

PRICE MATCH

Closet Works is proud to match the price of any competitors quote given equal design, material, construction and service.*

* We offer a custom product and there are many factors to consider when designing your project. Even when designs appear similar, chances are they have many differences that affect the overall price. The bottom line is Closet Works wants to be the best value & we want to earn your business!

⭐⭐⭐⭐⭐
“Great company - great designs, quality material, professional installation and excellent customer service. We did 4 closets with Closet Works including our master closet. Our designer was exceptional and was very creative and imaginative in her use of space. I would highly recommend Closet Works to anyone who wants good creative design, high quality material and fantastic installation and service.”

THE BEST IN THE BUSINESS

**Design:** Our award winning and certified design staff is knowledgeable and talented, handling anything from difficult closets to functional pantries, mud rooms and more. Bringing an average of 13 years experience to each project, they are able to offer you the perfect solution for your individual needs.

**Engineering:** Closet Works engineering department is a highly skilled team, using top-of-the-line software to produce 3D renderings of each project. Our engineers and designers work together to write a detailed proposal which includes choices for finishes, materials and a competitive estimate for the project.

**Manufacturing:** After approval, each custom piece is carefully made in-house at the Closet Works factory using state-of-the-art machinery. All projects are run through stringent quality control protocols.

**Installation:** Our staff of courteous, friendly and certified professional installers are not only detail oriented, they are also trustworthy — treating your home as if it were their own. Most systems are installed in one day, with no mess ever left behind.

“A” Rating
“I had a great experience with Closet Works. I thought the design worked well with my space, which had some unusual angles. The installer arrived on time and was courteous, professional and neat. He not only cleaned up all the dust that the installation created but he wiped down every surface of the closet when he was done. I would highly recommend this company.”
